Your Claim Update

Dear TERRY CONNELLY PHYLLIS CONNELLY,

We're currently reviewing your claim, but believe you reported that it may involve mold, fungus, wet rot or dry rot, or bacteria. Except as noted below, your policy does not cover losses consisting of or caused by mold, fungus, wet rot and dry rot or bacteria.

Your policy exclusion states:

Under Dwelling Protection-Coverage A, Other Structures Protection-Coverage B or Personal Property Protection-Coverage C of this policy, we do not cover any loss consisting of or caused by mold, fungus, wet rot, dry rot or other microbes. This includes any loss which, in whole or in part, arises out of, is aggravated by or results from mold, fungus, wet rot, dry rot or other microbes.

Your Policy Includes Remediation Coverage

We want you to know that your policy may pay for remediation (testing, treatment, removal) of mold, fungus, wet rot and dry rot caused by a covered water loss.

Your policy contains wording which states:

Mold, Fungus, Wet Rot And Dry Rot Or Other Microbes

Remediation As A Direct Result Of A Covered Water

Loss

In the event of a covered water loss under Dwelling

Protection-Coverage A, Other Structures Protection-

Coverage B or Personal Property Protection-Coverage C, we will pay up to \$5,000 for mold, fungus, wet rot

or dry rot or other microbes remediation.

Remediation means the reasonable and necessary treatment, removal or disposal of mold, fungus, wet rot

0761226547 PBW

or dry rot as required to complete repair or replacement of property we cover under Dwelling Protection–Coverage A, Other Structures Protection–Coverage B or Personal Property Protection–Coverage C damaged by a covered water loss, including payment for any reasonable increase in living expenses necessary to maintain your normal standard of living if mold, fungus, wet rot or dry rot makes your residence premises uninhabitable. Remediation also includes any investigation or testing to detect, measure or evaluate mold, fungus, wet rot or dry rot. This Condition does not increase the limits of liability

If we find that any mold, fungus, wet or dry rot caused by a covered water loss, your policy provides a maximum of \$5,000.00 for mold, fungus, wet rot or dry rot remediation. We will let you know if remediation is available as soon as we finish the claim review.

We're here to help. If you need additional information, please visit MyClaim.com or contact us.

Sincerely,

SURU BALOGUN
